MI-SAS Accreditation Status

- The following proficiency standards determine a school's status:
 - **ACCREDITED:** No more than one subject below 60% proficient and no subjects below 35%
 - **INTERIM STATUS:** Two or more subjects lower than 60% proficient but not lower than 35%
 - **UNACCREDITED:** One or more subjects lower than 35%

Improvement in Achievement

- Applies to:
 - Science, Social Studies and Writing at all grade levels; and
 - Mathematics and Reading at the high school level.
- If achievement improves 10 or more points, considered as having achieved the next higher threshold in that subject.

Compliance with Michigan Statute

- Eight requirements have “yes”/“no” answers
 - 1) Do 100% of school staff, as required, hold MI certification?
 - 2) Is the school’s annual School Improvement Plan published?
 - 3) Are required curricula offered?
 - Grade Level Content Expectations in grades K-8
 - Michigan Merit Curriculum in grades 9-12
 - 4) Is a fully compliant Annual Report published?
 - 5) Have the School Performance Indicators (NCA report or School Process Profile) been submitted?
 - 6) Are literacy and math tested annually in grades 1-5?
 - 7) Is the high school 6-year graduation rate 80% or above?
 - 8) If the school was selected to participate in NAEP, did the school do so?
- If the answer is “no” (to any question) in two consecutive years, the accreditation status is lowered one level.
